

Anish Kumar Jha

M.Tech Quality, Reliability and Operations Research

Indian Statistical Institute, Kolkata

Mob. +91 6302796475

Mail_id: anish6598@gmail.com

Linkedin: anish-jha-662313304

Course	College/University	Year	CGPA/%
M.Tech QROR	Indian Statistical Institute	2026–Present	N/A
B.Tech Naval Architecture & Ocean Engineering	Indian Maritime University	2014–2018	8.71
Higher Secondary	Bihar Board	2013	69.2
Secondary	CBSE	2011	10 CGPA

WORK EXPERIENCE

- **Mathematics, Statistics & Probability Faculty | Prerna Classes** [May21-Jul26]
 - Taught Mathematics, Statistics and Probability to JEE Main, JEE Advanced, GATE and MBA entrance aspirants.
 - Designed quantitative problem sets and mock examinations.
 - Mentored students using data-driven performance analysis.
- **Mathematics Faculty | Phasor Academy** [Jan19-Apr21]
 - Delivered Mathematics lectures for competitive examinations.
- **Ship Stability Engineer | Vedam Designs** [Aug18-Dec18]
 - Ship stability analysis and engineering software support.
 - Developed software modules related to Ship Stability

SKILLS & INTERESTS

- **Programming Languages:** C, Python (Libraries: Numpy, Pandas, Seaborn, Matplotlib)
- **Tools:** ANSYS, MAXSURF, MS OFFICE, Regression, Hypothesis Testing, Data Structures and Algorithms

PROJECTS

- **Credit Card Fraud Detection System | Python, Scikit-learn, FastAPI** [2026]
 - Built an end-to-end fraud detection system on the Kaggle Credit Card Fraud dataset (284K+ transactions).
 - Compared class weighting with SMOTE for handling severe class imbalance and eliminated data leakage.
 - Optimized the classification threshold using Precision–Recall analysis.
 - Achieved approximately **80% Precision** and **85% Recall** on fraudulent transactions.
 - Deployed the trained model as a REST API using FastAPI for real-time inference.
- **Mechanical and Thermal Analysis of Composite Plates | Indian Register of Shipping** [Summer Internship]
 - Performed finite element analysis of laminated composite plates using ANSYS.
 - Conducted structural, thermal and thermo-mechanical analyses for validation against theoretical models.
 - Applied Classical Lamination Theory to study the behaviour of composite structures.
- **Ocean Research Vessel Design | National Institute of Ocean Technology** [Winter Internship]
 - Proposed engineering solutions to improve hydraulic/lube oil cooling efficiency in deep-sea winching systems.
 - Studied vessel tender specifications and contributed to the conceptual design of an ocean research vessel.
 - Prepared the General Arrangement (GA) plan considering stability, accommodation and operational requirements.

RELEVANT COURSES

- **Probability | Statistical Methods | Mathematics | Operations Research | Quality, Management and Systems** [ISI-K]

POSITIONS OF RESPONSIBILITY

- **Treasurer | Naval Architecture Students' Society (NASS)** [2016–17]
 - Managed the society's financial activities and coordinated budgeting for student events.
 - Assisted in organizing departmental technical and cultural activities.

- **Captain | College Cricket Team**

- Led the college cricket team and coordinated match strategy and team management.

ACHIEVEMENTS

- Secured **Admission Merit Rank 1** in M.Tech. Quality, Reliability & Operations Research at the Indian Statistical Institute (ISI), Kolkata.
- Secured **Admission Merit Rank 1** in M.S. Quality Management Science (QMS).
- Qualified **GATE Data Science & Artificial Intelligence (DA)** with **AIR 2708**.
- Scored **99.42 percentile** in the Quantitative Aptitude section of the CAT examination.
- Awarded the **Merit Scholarship** at Indian Maritime University for academic excellence.
